

SCARLET FEVER RAGING.

More Than a Score of Cases Reported in Bridgeport.

Bridgeport, April 29.—Scarlet fever has raged with considerable violence in the East End during the past two weeks. About the 15th of April Health Officer Fitzgerald was notified of a mild case on Seaview avenue. He promptly put up a sign on the premises, but it seems the children in the family were allowed to attend school and the disease became communicated to other children.

Up to Saturday night twenty cases were reported from the East End and all were located in the Newfield school district.

This morning it was decided that the Newfield school should be closed for two weeks. This throws 47 children on the streets, but it was agreed that they would run less risk of contagion than if kept at school. Health Officer Fitzgerald describes the epidemic as scarlet rash with some cases of scarletina. Dr. Hoyt reported twenty-one cases to-day. He said that the greatest fear was from the troubles that were apt to follow scarlet fever in a mild form unless parents took extreme good care of the children. The school would remain closed, he said, until the health board is satisfied that all danger is past. Many of the cases are on Adams street and in that vicinity.

SUICIDE IN TORRINGTON.

William Cahill, Only Eighteen Years of Age, Kills Himself.

Torrington, April 29.—William Cahill, aged eighteen, committed suicide at the home of his father, Patrick Cahill, last night, by taking a dose of "Rough on Rats."

Young Cahill had been drinking for several days. Yesterday morning he enticed Emily Gath, the twelve-year-old daughter of Samuel Gath, into the woods north of the town and attempted to assault her. He was caught by Robert McNeil, who threatened him unmercifully. It is supposed Cahill feared that he would be arrested for his crime and decided to end his life.

Dr. Hanchett was summoned to attend him at 10 o'clock last night, but the poison had so far affected his system that it was impossible to save his life. He died at 2:30 o'clock this morning. Coroner Higgins rendered a verdict of suicide.

No complaint had been made to the police against Cahill for the crime against Emily Gath and it is probable that the thrashing administered by Robert McNeil would have ended the matter.

Suicide in Bridgeport.

Bridgeport, April 29.—David Reynolds, a young man residing with his mother, Mrs. Sarah Reynolds, on the extension of Park avenue, near Tollsome hill, committed suicide this morning while partially insane.

He drove a sharp knife through his right leg, just above the knee, severing the large artery and then bled to death.

DR. GRISWOLD RELEASED.

Hartford Dentist, Accused of Arson, Finds a Bondman for Fifteen Thousand Dollars. Dr. Malcolm R. Griswold of Hartford has been let out of jail. It will be remembered that on March 30, Dr. Griswold was held by Judge Barbour of the police court in \$15,000 for trial before the criminal term of the superior court on the double charge of arson in setting fire to the premises, No. 364 and 383 Main street, March 15, and for an attempt to defraud insurance companies, as a result of the fire. He was committed to jail because he was unable to find bondmen to go surety in so large a sum.

Colonel Henry Kennedy is the bondman, the law requiring that there shall be but one, but he is well protected by the bonds of eight other men who stand behind his surety. Who these men are Mr. Mildebury, Dr. Griswold's counsel, refuses to say except that with one exception they are Hartford men.

TWO LIVES LOST.

Hired Man and His Friend Burned to Death in a Milford Barn.

Milford, April 29.—Two barns owned by John Guyer were destroyed by fire last night together with all contents. Emil Furrer, the hired man, and John Nutter, a carpenter, were sleeping in a room in the barn over the entrance. Guyer shouted to them to get up and help get out the stock.

As there were two windows in the barn only a few feet from the ground it was believed the men had no difficulty in escaping by these from the burning structure.

After the fire had been put out their charred remains were discovered in the ruins. The house was saved. Loss \$3,000, fully insured.

"April Showers Bring Forth May Flowers."

So wrote the poet, long since, and each recurring April verifies it. Already the buds are peeping out and soon "nature will put on her beautiful garments" that "arrayed in living green" and "the desert will bloom and blossom as the rose." But during all seasons people must live. And in order to support life and properly nourish "The house we live in" it is indispensable to eat GOOD BREAD. Root, the Baker, was the first to introduce, in this city, the celebrated Quaker Bread which has become so deservedly popular. At great labor and expense he fitted up the proper apparatus to mix and bake it by the Original Process. And he succeeded so well that it is now known as the

BEST BREAD IN THE STATE.

CATARH AND COLDS.

The month of April, with its changeable weather is the most dangerous one during the year. It is Spring in its infancy, and must be watched like a new born baby, whose tenderness can hardly withstand its rough and chilly breezes. Mankind, the child of nature, must watch himself in order not to be afflicted with the April cold. It is the hardest one to cure, remaining with you until summer, and will easily affect your lungs and bronchial tubes.
